Lead Generation

Our real-time leads include all the information you need to follow up with students quickly. The core pieces of information we collect includes:

- Full Name
- Email
- Gender
- Age
- Phone Number
- Mailing Address
- Nationality
- Degree Attained
- Intended Study Field
- Degree Sought
- Start Date
- Inquiry Date

Our cost-per-lead model is perfect for colleges and universities that are looking for between 50 to 500 high quality leads per month. Tell us what student demographics you are looking to target and we can deliver real-time leads matching that profile.

Why are our leads best in class?

We generate high quality inquiries by promoting schools in a targeted manner on our website and through many other types of outbound marketing and exposure. The quality and quantity of our traffic is key to our success as:

1. Students find us organically.
2. Students are matched to your school by their individual preferences.
3. Students must proactively opt-in to receive details about your school.

We will promote schools to generate leads through a number of different marketing efforts, including but not limited to:

- A custom profile for your school
- “Featured Status” in the USA School Search
- Banner ads
- Inclusion in the appropriate existing content sections
- Creation of content based on your school/program
- Blog Posts
- Newsletters
- Social Media
- Email marketing

Web Advertising

If you are looking for online web exposure to promote your school or brand to our international student community, our web advertising packages are an ideal way to achieve this. The traffic and inquiries that our site will provide are organic and exclusive to what you are offering, allowing you to convert prospects at a higher level.

We offer:

- Customized landing pages
- Banner placement
- Inclusion in site content sections
- Newsletter advertising
- Social media marketing
- Email marketing

Please contact us and we can provide you with a comprehensive outline and proposal of what we can offer your brand, service or school.

Optional Add-Ons

With any of our packages, you can include extra “add-ons” to tailor the package to your needs:
